

LARGE COMPANY STORE BURNED TO THE GROUND ENTAILING LOSS OF \$25,000

Arnold City Scene of Court Tells Constables

Disastrous Conflagration Which Licks Up Large Building Early This Morning.

MANAGER BARELY ESCAPES

Hepler With His Family Gets Out But Household Goods All Go Up in Smoke.

By fire of unknown origin the company store No. 17 of the Federal Supply company at Arnold City was destroyed this morning at about 4 o'clock, entailing a loss of \$25,000 to the company. The Pittsburgh Coal company will really be the sufferers. The United States government will also suffer to some extent this store being the Arnold City postoffice. The general stock which was carried as well as the building was partially covered by insurance which the company carried themselves.

The flames started at about 3:30 o'clock in the rear of the store, where there was a butcher shop. The manager and postmaster is W. E. Hepler, and he with his family lives above the store. The building is in sort of a ravine, and the flames were discovered by a resident on the hill bordering. Mr. Hepler was notified in time to get out with his family, but not in time to save any of his household goods, or anything from the store.

After the flames were discovered the report spread and within a short time there was a huge crowd on the scene, but it was impossible to do anything to save the structure on account of the lack of fire fighting apparatus. The stable in the rear of the store took fire, but by constant watching where the conflagration raged was saved.

The building was a large one and the loss from it will be about \$10,000 according to officials. The stock was valued at \$15,000. The store was one of the largest owned by the Federal Supply company and it was the central shopping point or a larger percentage of the miners employed in the Arnold City district. A general stock was carried, and a meat market was run in connection with the store.

Officials of the company are utterly at sea as to the cause of the fire but incendiaryism is suggested by some. It may have come from some other source however. The loss to the government is not reckoned, Mr. Hepler being unable to tell just what quantity of stamps and other incidentals were in the office.

ODY ABBOTT INTO NATIONAL LEAGUE

Odd "Doc" Abbott, middle fielder of the New Castle team of the Ohio and Pennsylvania League, was yesterday sold to the St. Louis National League team. The price paid is said to be \$2,000. Abbott will report to the St. Louis management on September 6 at Pittsburgh, following the close of the O. and P. League season. Abbott whose home is in Monongahela is one of the best known players from the valley. He was formerly the right fielder for the Charleroi team in the P. O. M. league.

Finger Boards are Needed

Township Officers Instructed to Have Supervisors Make Repairs Such as by Law Demanded.

"There is a more crying demand for the enforcement of the finger board law," remarked the court after an examination of the quarterly returns of the constables yesterday. Constable were instructed to get after the supervisors and see that they comply with the law requiring the placing of finger boards at cross roads. "Travel has become difficult in this country," continued the court "and strangers must receive the information the law calls for." Amwell was cited as the model township in this respect, the constable seeing that the supervisors comply with the law. The court stated that farmers are often annoyed by strangers who are compelled to ask their way because of the lack of fingerboards. Some constables reported automobiles running through their districts without license tags as required by the state law. The court stated that it was the duty of constables to arrest such automobile drivers forthwith. Fifty-eight constables presented their returns which were received by Judge J. F. Taylor. After an examination they were turned over to District Attorney Acheson. The court complimented the constables for the general good care exercised in the preparation of their returns.

WILL VOTE ON THE AMENDMENTS

Commonwealth Now Advancing Proposed Changes in Constitution.

The advertisement of the four constitutional amendments that are to be considered for the second time by the Legislature in 1911 has been sent out from the State Department to be printed in 200 newspapers 13 times between now and the November election, as required by law.

Should the next Legislature approve the amendments they will be voted on by the people in November 1911. One allows the Legislature to create new courts and increase the number of judges. Another abolished the poll tax. Another consolidated the courts in Philadelphia and Allegheny counties. The fourth permits Philadelphia to increase its bonded indebtedness to ten per cent of its assessed property valuation instead of seven per cent as at present.

VACANCIES ALL FILLED

One Teacher Elected by School Board for Seventh Grade.

The school board at an adjourned meeting last night took action for making a change in reading books in the grades of the schools, elected a new teacher for the seventh grade of the Fifth street building, and ordered supplementary books for the grades and High school.

The new teacher elected was Miss Mary E. Rice of Arendtsville, Pa., she coming well recommended. The vacancies in the schools are all filled now. Among the supplementary books ordered were latin grammars and German books for the High school.

MINE FOREMEN PLEAD GUILTY

Sentenced by Court to Pay Fine and Costs of Prosecution.

Archibald Ferguson, mine foreman of the Eclipse mine of the Monongahela River Consolidated Coal and Coke company and Harry Howarth, mine foreman of the Catfish mine of the same company, yesterday entered pleas of guilty to violation of the bituminous mining law and were sentenced by Judge J. F. Taylor to pay costs and fines of \$50 each. There were five counts in the indictment against Ferguson and six against Howarth. F. W. Cunningham and Alexander McCann, mine inspectors were the prosecutors. The principal charges against the defendants were with regard to improper ventilation, allowing gas to accumulate in abandoned workings, and failure to provide shelter holes on haulage ways.

The defendants were represented by Attorney Carl E. Gibson, who claimed that the coal company had been working since last November to remedy the conditions complained of. Attorney A. M. Templeton appeared for the mine inspectors.

WORTHLESS CURS COST COUNTY MUCH

Dogs Ravaging on Sheep Cause Heavy Claims to be Made.

That the worthless cur dogs of Washington county have a sweet tooth for mutton is evidenced by the 210 damage claims now on file in the commissioner's office, according to the Washington Observer.

One hundred and twenty-seven of these claims are for last year and 73 are for the present year. The total amount of the claims is \$7,339.95. The claims range from \$7.50 to \$258.66 eight being over \$100. Sixty of the dogs engaged in the slaughter were killed. Flockmasters residing near the mining settlements appear to have been the worst sufferers.

The amount of dog tax received yearly is about \$6,000 and it will be about \$1,300 short of meeting the present claims on file.

The commissioners will begin paying sheep claims about the last of September in the order filed. A number of sheep owners will have to wait a year to receive the money due them.

ENGINEERS STUDYING THE LOCKS

Party of Second Lieutenants Here for Government.

IN DISTRICT FOR MONTH

A class of 15 army engineers who graduated from West Point Military Academy a year ago have been in the Pittsburgh district the past several days, obtaining a practical insight into river and harbor improvements under Col Henry C. Newcomer, of the United States Engineering Corps of the Pittsburgh district. Trips have been made along the Monongahela, Allegheny and Ohio rivers, but especially along the Monongahela river, did the construction of the locks and dams claim their attention.

The trip up the Monongahela river was only to Brownsville, where one of the model river locks of the United States was recently constructed, and just a few weeks ago put into use. The young officers spent some time there. At Lock No. 4 they spent but a short time. The trip up river was made with Col. Newcomer on the U. S. Steamer Swan, but the return was by train.

The officers all bear the rank of second lieutenant, and in accordance with instructions from the war department in Washington have been making a thorough study of the river, harbor and canal improvements, lately returning from a trip to Panama. They will leave this section about August 30 to report to the commandant of the engineering school at Washington for further instructions. It is expected that these young men will have much to do with the future improvements along the Ohio river.

GRAND JURY TAKES UP REGULAR WORK

Alleged Washington Booze Sellers Indicted for Trial.

When the grand jury was convened yesterday afternoon at 1 o'clock nineteen jurors answered roll call. M. S. Moorehead of McDonald was appointed foreman.

The grand jury returned true bills against Ambrose Asbury, Mark Grayson and Alfred Brown, charged with selling liquor without license. The defendants are alleged to have done a thriving business among the thirsty citizens of Washington and were recently rounded up by the police officers there. Kizzle Wright, a well known Washington character, was also indicted on charges of illegal liquor selling and keeping a disorderly house.

JUDGE TAKES BOY ON THE BENCH FOR WORDS OF ADVICE

With characteristic tenderness toward children, Judge J. F. Taylor called little James Cratty, 11 years old, from the bar and allowed him to sit beside him on the judicial bench yesterday afternoon at Washington. Little James Cratty was brought up before Judge Taylor by the juvenile court for stealing money from his grandmother and uncle, with whom he lived at Monongahela.

It is alleged that the boy took a dollar from his grandmother and bought a watermelon and some candy, which he divided among his playmates. After talking kindly with him for some time, in which he was given some good advice, Judge Taylor sent the boy back to his grandmother on probation.

INSPECTORS RECOMMEND CHANGES IN THE MINES

Effort Being Made to Cut Down Number of Accidents in the Bituminous Regions of State.

POSTING OF DRAW SLATES IMPORTANT

With a view of cutting down the large percentage of accident in the bituminous mines of the state, mine inspectors have presented to mine superintendents, mine foremen and fire bosses in their various districts, recommendations for the better safe guarding of the lives of the workmen and the protection of property. The recommendations were adopted at a meeting of the inspectors held in Pittsburgh and but recently have been sent out to the mining men.

The inspectors recommended a new system of posting to prevent slate falls, also a clear level of no less than two and one-half feet between the side of the car and rib to allow the driver to pass his trip safely and keep clear of the cars and the application of sprags or brakes on haulage road to safeguard life and limb. It is claimed that during the last year 14 percent of all the fatalities in the mines were due to mine cars.

The inspectors also unanimously agree that the use of open lights should be discontinued and locked safety lamps should be exclusively used in and about all pillar workings wherein explosive gas has been at any time discovered and in places where explosive gas is liable to be carried in an air current from pillar workings or falls. The more careful timbering of the mines in the coke regions is recommended.

The inspectors in their recommendations to the superintendent, foreman and fire bosses made August 1 the date of which it was hoped the changes would be made. The inspectors are running from District No. 1 to the 21st: Alexander McCann, C. B. Ross, I. G. Roby, Arthur Neale, Patrick J. Walsh, D. R. Bolwer, John F. Bell, David Young, W. H. Howrath, John I. Pratt, Charles P. McGregor, F. W. Cunningham.

NEW COMPANY ASKING FOR CHARTER TO MANUFACTURE PAPER PRODUCTS

Pockets Picked While on Train
Charleroi Man Loses Money and Mileage Book on Way Home From East.

H. B. Staver has returned from a trip to the east much the sadder for an experience he had on the train coming home. Staver when nearing Harrisburg dropped asleep in his seat, and did not waken for a while. Then he discovered his pocketbook which contained his money and mileage book was missing as well as several other valuables. He was able to convince the conductor on the train of his story and he was brought through to Pittsburgh. The railroad company is making an effort to locate the pickpocket who is supposed to have taken the articles.

WILL OBSERVE ANNIVERSARY
Charleroi Circle Plans to Celebrate Founding of Order.

Arrangements are being made by Charleroi Circle No. 303, Protected Home Circle, for the observance of the 24th anniversary of the founding of the order in the United States and the 14th anniversary of the founding of the Charleroi circle. These events will be celebrated on August 26, when it is expected grand officers will be present. The Charleroi circle has 318 members.

New Sort of Envelope to be Put on the Market.

CHARLEROI-MAN-INVENTOR

Notice is being given by Hugh E. Fergus, solicitor for a company recently formed in Charleroi to be known as "The Safety Envelope and Paper company," of an application to be made of September 2 to the Governor for a charter. The purpose of the company is to manufacture paper, paper envelopes, paper boxes and other articles from paper such as may be desired.

The principal object of the corporation, however, is to manufacture a patent envelope invented by L. P. Flickinger, Jr., one of the company. This is a safety envelope, which after once sealed is impossible to open without tearing. It is what might be termed glueless envelope.

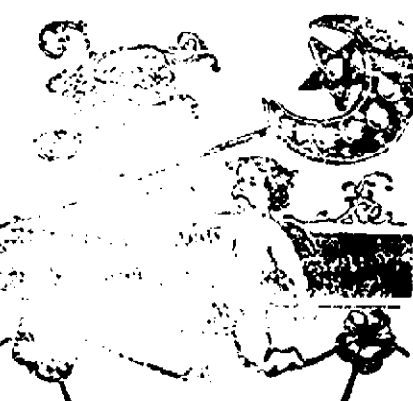

The incorporators of the company are L. P. Flickinger, Jr., L. S. Jack and S. Walton Sharpnack.

DEGREE TEAM INITIATES A DONORA CLASS

About 25 members of the Charleroi Circle No. 303 Protected Home Circle including the degree team went to Donora last night to visit the circle there, where there was a class of 20 candidates to be initiated.

The Charleroi degree team performed the initiatory rites, after which a social session was held. The Donora circle, only four weeks old, now has a membership of 50 persons, it having been organized by District Deputy W. R. Starke. Efforts will be made to have it on the honor roll of all the circles in the United States by the first of October, with 100 members.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

BERRY'S ISSUE

NOW DEFINED

He Has Worn Out Everything and Must Try Personality For Luck

CONSPICUOUS FIGURES IN LINE

Taft, Roosevelt, Mitchell, Penrose, Stuart, Tener and Others Representing Republican Principles and Policies Concerned in Success of Their Party.

The voters of Pennsylvania are decidedly impatient for the issue upon which Candidate W. H. Berry and his colleagues on the Keystone party ticket are to stand in the pending State campaign. Of course Mr. Berry will not offer to the voters a political issue. The only political issue ever recognized by him is that upon which his political advocate, William Jennings Bryan, has always stood in campaigns and led his followers to defeat and disaster at the election. In Pennsylvania especially, that issue does not weigh much. In fact that issue is too thin to conceal the real issue whatever it may be. Mr. Berry will hardly attempt to force into the contest a religious issue because those who know him best realize that he does not have a monopoly on religious feeling. The temperance issue might appeal to Mr. Berry personally and if he had his way he might adopt it in an emergency but his colleagues are not willing to stand upon a platform constructed out of that sort of material. In any event the real temperance people of the State have emphatically repudiated Mr. Berry and will not admit of his using their platform for his own selfish purposes. Under the circumstances, therefore, it seems positively certain that Mr. Berry and his Keystone party col-

leagues must stand upon a personal issue, and upon that issue they should be tried by the people. The personal issue is the only one known in the science of modern campaigning which Mr. Berry and at least one of his associates have not thoroughly tested, and now, probably better than any other time, it would be wise to put the personal issue to the test. When Mr. Berry was originally dragged into the lime light and made a candidate for State Treasurer Colonel J. M. Guffey now denounced by Mr. Berry as a Democratic tool, did the dragging and Mr. Berry was obliged to serve as a political leader in sight. In fact Mr. Berry was so much delighted with Colonel Guffey that he borrowed money from him in large sums. This followed the disagreement between Boss Guffey of Pennsylvania and Boss Bryan of Nebraska and notwithstanding that Mr. Berry had a large bundle of Colonel Guffey's money somewhere about his person he took sides with the Nebraska boss and helped to give Colonel Guffey and his associates the Democratic nomination for Governor. D. Clarence Gibbons, has been repeatedly rebuked. With all other issues removed from the contest Mr. Berry and Mr. Gibbons must measure their personal strength with President Taft, former President Theodore Roosevelt, John Mitchell, former president of the American Federation of Miners; United States Senator Boies Penrose, Governor Edwin S. Stuart, John K. Tener, the regular Republican candidate for Governor, and a host of other prominent men from every section of the State representing the policies and principles of the regular Republican party. On the Demo-

cratic side Berry and Gibbons must measure up personally with Judge James Gay Gordon, of Philadelphia, the editors and owners of the "Pittsburgh Post," the only Democratic organ in the State; Webster Grim, the regular Democratic nominee for Governor; State Chairman Arthur G. Dewalt, of Lehigh; Senator George M. Dimling, of Clearfield; Colonel Guffey, of Pittsburgh, and a host of other very reputable men representing the policies and principles, bad as they are, of the Democratic party. If Mr. Berry and Mr. Gibbons are able to convince the people of the State that they are better than all the leading Republicans and all the prominent Democrats of this State than of course they deserve success and in the very nature of things will be elected Governor and Lieutenant Governor respectively by an overwhelming majority, but they must first prove themselves bigger and better than all the rest.

The personal issue upon which Mr. Berry and the often beaten Gibbons must stand in the pending contest will in no way disturb the Republicans. Mr. Tener's campaign for Governor will be fought, and to succeed at that, on the issue of fitness for the exalted place to which he aspires, in his own successful record in politics, on the reputation of the Republican party leaders in this State and finally upon the magnificent record of achievement of the Republican party. There will be no hide-and-seek with isms and theories. President Taft, John Mitchell, Colonel Roosevelt and Governor Stuart have individually and collectively expressed their desire for the election of Mr. Tener. Senator Penrose has devoted his work in the United States Congress to making the issue for the Republicans and upon that issue there is absolutely no uncertainty. That issue is the tariff law under which the country is now operating. The tariff law was a year old last Friday. It shows prosperity never before equaled under any similar legislation. It shows a wonderful increase in the wages of labor and in Pennsylvania especially it has made the people prosperous and happy.

Since the existing tariff law was into effect the customs receipts have been approximately \$10,000,000 every working day. The monthly average of customs receipts has been double that under the Wilson law nearly double that under the McKinley law and about \$3,000,000 in excess of the Dingley law receipts. In addition to increasing the average monthly customs receipts over the Dingley law from \$21,654,095 to \$27,529,257, the Payne law has added more than \$2,000,000 a month to the treasury by means of the corporation tax.

The discontents and self-seekers are abundantly welcome to any comfort they may extract from the issues presented by the Republicans.

Vain Regrets.
"That man Biffin lacks courage and energy."
"Yes, confound him!"
"Why do you say that?"
"Because he was courting my wife long before I met her. If he had had a little more courage and energy. But what's the use of talking about it now?"--Cleveland Main Dealer.

Eczema--A Germ Disease Can Now Be Cured.
The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Piper Bros. Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all disease of the skin and scalp.

Health Inspection

Inspection of the teeth of pupils in
the public schools was recommended
at the recent annual convention at
Denver of the National Dental asso-
ciation in the interest of the health of
the children. And it would be an
excellent innovation to adopt says
the New Castle Herald.

Last winter the dentists of Youngs-
town asked and obtained permission
to make such an examination of the
children in the public schools of that
city. The results were surprising.
Hundreds of children were found who
did not even know the use of a tooth
brush. Hundreds of others naively
admitted they scarcely ever used one.

The children are not to blame, al-
though they will be the ones to suffer
in after years from the ignorance or
carelessness of their parents, in fail-
ing to instruct them in the care of
their teeth. Human beings, unfor-
unately cannot grow more than a
certain limited number of molars.
When those are gone they are forced
to depend upon the artificial product.

Were dentists actuated solely by
mercenary motives, they would not
sugger dental inspection, as a lack of
care by children of their teeth, would
mean increased business for the den-
tists in later years. However, mem-
bers of the dental profession stand
upon the same high plane as their
brothers in medicine in sacrificing
their own interests for the general
good.

Dental inspection would not be
costly in the schools. Some of the
public money might well be saved
otherwise and expended in a way that
would do almost every pupil a real
and lasting service. The idea is not
new.

Many cities have adopted it, that
are fortunate in having intelligent
and progressive men at the head of
their educational system.

For River Improvement

The National Rivers and Harbors
Congress which holds its sixth an-
nual convention December 7, 8 and 9,
will bring together a notable body of
men and women who are interested in
the development of the waterways of
the United States. Efficient means
of transportation is a necessity of
modern civilization. This is peculiar-
ly the case in a nation of such magni-

ficent distances as ours and here an
exchange of products is an absolute
essential to the happiness, comfort
and progress of the people.

President Taft, who has shown the
liveliest possible interest in making
the rivers do their proportion of trans-
porting the heavier and bulkier prod-
ucts of the farm, mine and factory,
and who confidently looks to the time
when the waterways of the United
States will be carrying their share of
commerce, will open the convention.
It is expected that Ex-President
Roosevelt will also deliver an address
with special reference to the rivers
of Europe which he had occasion to
carefully investigate during his recent
trip to Africa.

A representative of King George
of England will be present as will
representatives from other European
countries and South America.

The Cost of Living

Now as to our responsibility for
the increased cost of living, which,
according to the apologists for the
Aldrich tariff, has likewise twirled
round the world. There is no question
but that in the matter of setting a bad
example in this matter we are sad
offenders says the Altoona Tribune.
People of cosmopolitan experience are
always shocked when they come to
shopping or traveling in this country.

Here is a recently returned globe-
trotting Briton publishing his compar-
isons of American and British prices
for the common necessities of a day's
movements and living. He begins
with the street car fares and con-
trasts our prevalent nickel rate of
fare, the common standard, with the
half penny in London—one cent.

Then the records this harrowing in-
cident: "The other morning I was
ordering a simple breakfast in a Bos-
ton hotel and I asked for two poached
eggs, which were priced on the bill
of fare at one shilling eight pence (33
cents.) "On toast?" asked the Ger-
man waiter "Certainly," I replied.
When I received my bill these two
eggs were charged at two shillings
(50 cents)—and the smiling waiter
explained that the toast had made the
difference." Then he contrasts the
steaks—a dollar here against what
would be forty odd cents in Germany,
and thirty odd cents in London. Of
course, when this Briton got into the
famous New York hotel he was fairly
beside himself on finding that a
common dish of oatmeal porridge and
cream cost him over thirty cents and
grape fruit seventy-five cents. "I
have never heard such terrible lan-
guage in all my life," he says, "as
that which came from a Scotchman in
Boston who had paid six shillings
(\$1.50) for a lobster salad and one
shilling six-pence (31 cents) for a
caramel custard."

ELCTRIC SPARKS

Some writers never have a style.
The muddlers in politics simply
muddle to keep themselves from
getting into worse trouble.
Pittsburg people think some one
should risk their life every day just to
please the morbid fancy.

After all there is nothing like a
good old dirigible horsefly to navigate
the air.

Turn About

He taught her how to dive and float
When they were at the shore.
He taught her how to steer a boat
And lots of other lore.

They're married now and he must
learn

To meet her every whim.
She very kindly takes her turn
At teaching things to him.—Post

The best way to escape accide-
nt by riding in a buggy is to ride in
some other vehicle.

The good old family horse has
passed into history with the coming of
the automobile and the airship.

It is said that the official census
will show that there are over 10,000
more knockers in Cincinnati than
there were 10 years ago.

A woman's idea of a husband is
one who does all the kind things her
neighbor's husbands do and a few
more.

It is truly argued that a good deal
of trouble in the world is home made.
But how about that back door neigh-

bor who always insists upon pestering
your wife.

Says Uncle Heck

Unk' Jim Lester is gittin' dis-
couraged about th' future of th' coun-
try. He's been applyin' for th' post
mastership for five administrations—
and is still shoein' horses. Now he
says even if he gits it next time, he'll
be so blind that readin' th' post cards
won't be no amusement.

Aunt Jinny Millers' recipe for
preservin' peaches without usin' no
dangerous drug is to hide th' jars
under th' box of soap in the closet.

A stoic is described by an exchange
as merely a pessimist who is deaf
and dumb on purpose.

Cannot Find Men to Man Towboats

Towboat captains are experiencing
much difficulty in securing crews who
will stay on board beyond a few days.
The highest wages paid along the
river since the Civil war, \$60 for
firemen and \$50 per month for roust-
abouts, including board, is the stand-
ard, but reliable deckhands are diffi-
cult to secure. Some skippers have
been experimenting with foreigners
with fair success. For the first time
in years one boat, the Bessie Smith is
being operated out of this port with-
out a colored man being a member of
the crew.

Moore Ties Spencer

Under the best of conditions the
Brownsville Rod and Gun club enter-
tained Charles G. Spencer, champion
trap shooter of the United States yester-
day. He was treated to a big sur-
prise when Cal Moore, the local
crack, tied him with a score of 97
birds out of 100.

New Singer at Palace

Douglas Robertson a new tenor
singer at the Palace made his first ap-
pearance before a local audience last
night and he was well received.
Robertson has a high tenor voice of
rare quality. He comes here from
New York.

Will Hold Baby Show

The Ladies Aid Society of Christ
Lutheran church will hold a baby
show in the Sunday School rooms of
the church on Friday evening. The
affair is something of an annual event.
There will be several beautiful prizes
and a souvenir for each child.

Your choice of \$1.50, \$1.00, 75c,
shirts for 59 cents at Berryman's
Remnant Sale Wednesday. 299t2

NO MORE RUNNING SORES

W. F. Hennings Sells an Oint-
Called San Cura That is a
Positive Cure

If you know any people who suffer
from old or running sores, tell them
about San Cura ointment, and they
will bless you as long as they live.

It matters not how old, persistent
or poisonous the sore is, San Cura
Ointment, the powerful antiseptic,
will draw out every particle of poison
and promptly heal the sore.

So sure of this are the owners,
the Thompson Medical Co., that they
have authorized W. F. Hennings to re-
turn the purchase price if San Cura
Ointment doesn't do all this paper
says it will do. No fairer offer was
ever made.

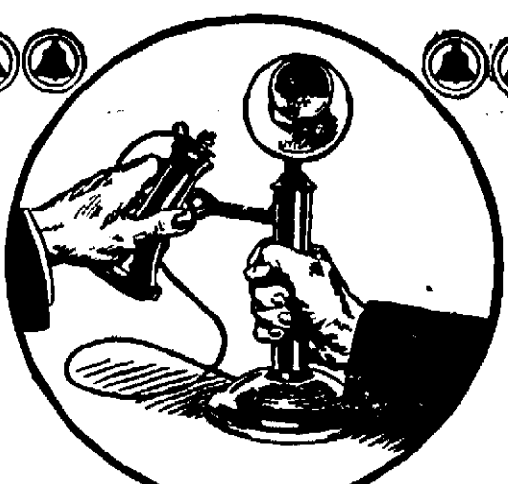

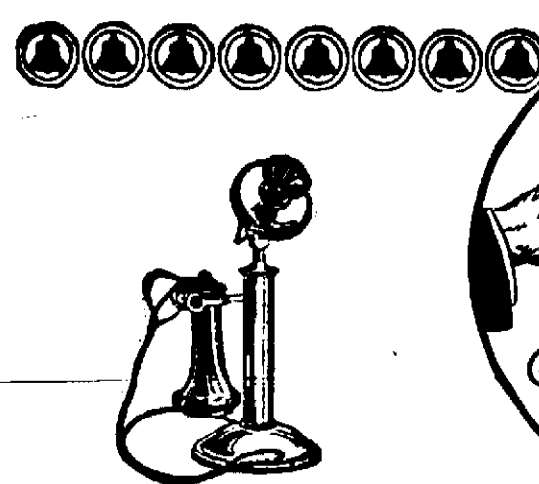

B. D. Dutton, Titusville, Pa.,
knows that San Cura Ointment will
cure sores, and in the interest of
suffering humanity he constantly
praises its marvelous curative virtues.
He says: "My arm was covered
with twenty-four running sores and
swollen to twice its natural size.
San Cura Ointment removed the pain,
drew out the poison and healed the
ear in an incredibly short time. It is
the greatest compound for healing I
ever used."

The mighty healing powers of San
Cura Ointment is little short of mar-
velous. It gives instant relief and is
guaranteed to cure salt rheum,
eczema, bleeding, itching or protrud-
ing piles, ulcers, boils, carbuncles,
chapped hands and chilblains. For
cuts, burns, scalds and bruises, it
stops all pain quickly and heals
promptly. 25c and 50c a jar. By
mail on receipt of price, if your drug-
gist is out of it or does not keep it.

SAN CURA SOAP.

For tender itching or irritable skin,
wash with San Cura the only antiseptic
soap that soothes and heals and
kills all germs of disease. It will
cure pimples, blackheads and makes
the complexion clear and attractive.
25c. at W. F. Hennings.

Mail orders for San Cura Ointment
and filled by Thompson's Medical
Co., Titusville, Pa.

Brings the Outside World to You

This simple act tells the story of BELL efficiency.
Lifting the receiver of any Bell Telephone is equiv-
alent to making a call or making a journey. The Bell
System reaches out everywhere and brings to you the
party with whom you wish to speak.

A standing army of one hundred thousand Bell em-
ployees is on duty at all times to render you prompt
service. Ten million miles of wire radiate all over the coun-
try for the convenience of Bell users—for your convenience.

It is this far-reaching, constant, to-the-second service
that makes the Bell System supreme in the principal cities,
and which gives to small communities the same telephone
advantages enjoyed in the large centers.

Bell service is UNIVERSAL. It brings the outside
world to you.

For rates and other information regarding service, call the District Manager.

The Central District and Printing
Telegraph Company

Mighty In Titles.

The ruler of Turkey, in addition to
the titles sultan and kha-khan (high
prince and lord of lords, also claims
sovereignty over most districts, towns,
cities and states in the orient, specify-
ing each by name and setting out a
list of his various titles "all the forts,
citadels, purities and neighborhood
thereof" in regular legal form. His of-
ficial designation ends, "Sovereign also
of diverse nations, states, peoples and
races on the face of the earth." All
this is in addition to his high position
as "head of the faithful" and "suc-
cessor of all the followers of the
prophet" "direct and only lieutenant
on earth of Mohammed."

The Great Eastern.

The dimensions of the one time world
famous Great Eastern were as fol-
lows: Length, 622 feet; width, 83 feet;
depth, 65 feet; tonnage, 21,000 tons;
draft when unloaded, 20 feet; when
loaded, 30 feet. She had paddle
wheels fifty-six feet in diameter and
was also provided with a four bladed
screw propeller of twenty-four feet
diameter. She had accommodations
for 800 first class, 2,000 second class
and 1,200 third class passengers, 4,000
in all. Her speed was about eighteen
miles an hour. The Great Eastern was
finally broken up for old iron in the
year 1889 after a chequered career of
some thirty-one years.

The Twenty Cent Revenge.

"She was in a very bad temper as she
boarded an Amsterdam avenue car.
Her temper was not improved by the
fact that as she drew a quarter of a
dollar from her jeweled gold purse the
coin slipped from her fingers and rolled
on the floor of the car. She made
no move to recover the money, but
when the conductor came in to collect
her fare she pointed with the tip of
her handsome parasol to the coin.
"I dropped my fare," she said snap-
pishly. "Pick it up."

The young conductor looked her in
the eye for just a moment, and then,
stooping, he picked the coin from be-
tween the cracks on the floor covering.
Leisurely he took four nickels from
his pocket and put them where the
quarter had been before. Maybe it
was the effort of bending that made
his face red. When he straightened
up he rang up the fare, turned and
sauntered back to the rear platform.—

BERRY'S ISSUE NOW DEFINED

He Has Worn Out Everything
and Must Try Personality
For Luck

CONSPICUOUS FIGURES IN LINE

Taft, Roosevelt, Mitchell, Penrose, Stuart, Tener and Others Representing Republican Principles and Policies Concerned in Success of Their Party.

The voters of Pennsylvania are decidedly impatient for the issue upon which Candidate W. H. Berry and his colleagues on the Keystone party ticket are to stand in the pending State campaign. Of course Mr. Berry will not offer to the voters a political issue. The only political issue ever recognized by him is that upon which his political advocate, William Jennings Bryan, has always stood in campaigns and led his followers to defeat and disaster at the election. In Pennsylvania especially, that issue does not weigh much. In fact that issue is too thin to conceal the real issue whatever it may be. Mr. Berry will hardly attempt to force into the contest a religious issue because those who know him best realize that he does not have a monopoly on religious feeling. The temperance issue might appeal to Mr. Berry personally and if he had his way he might adopt it in an emergency but his colleagues are not willing to stand upon a platform constructed out of that sort of material. In any event the real temperance people of the State have emphatically repudiated Mr. Berry and will not admit of his using their platform for his own selfish purposes. Under the circumstances, therefore, it seems positively certain that Mr. Berry and his Keystone party col-

leagues must stand upon a personal issue, and upon that issue they should be tried by the people. The personal issue is the only one known in the science of modern campaigning which Mr. Berry and at least one of his associates have not thoroughly tested, and now, probably better than any other time, it would be wise to put the personal issue to the test. When Mr. Berry was originally dragged into the line fight and made a candidate for State Treasurer Colonel J. M. Guffey, now denounced by Mr. Berry as a Democratic "ass," did the dragging and Mr. Berry was obliged to serve as "Colonel" Guffey, or any other political leader in sight. In fact Mr. Berry was so much delighted with Colonel Guffey that he borrowed money from him to large coils. This followed the disagreement between Ross Gaffey of Pennsylvania and Bos Bryan of Nebraska and notwithstanding that Mr. Berry had a large hand of Colonel Guffey's money somewhere about his person he took sides with the Nebraska boss and helped to give Colonel Guffey and the organization Democrats a grievous humiliation at the Democratic national convention by throwing him out of the national party. In fact Mr. Berry had been a candidate before the Pennsylvania Democrats for delegate to the Denver convention and had been whipped out of his boots. His defeat forced him to abandon his political issue for the time and instead he took up revenge as an issue. On that issue he was repeatedly rebuked by the people just as his colleague, D. Clarence Gibbons, has been repeatedly rebuked. With all other issues removed from the contest Mr. Berry and Mr. Gibbons must measure their personal strength with President Taft, former President Theodore Roosevelt, John Mitchell, former president of the American Federation of Miners; United States Senator Boies Penrose; Governor Edwin S. Stuart, John K. Tener, the regular Republican candidate for Governor, and a host of other prominent men from every section of the State representing the policies and principles of the regular Republican party. On the Demo-

cratic side Berry and Gibbons must measure up personally with Judge James Gay Gordon, of Philadelphia, the editors and owners of the "Pittsburgh Post," the only Democratic organ in the State; Webster Grim, the regular Democratic nominee for governor; State Chairman Arthur C. Dewalt, of Lehigh; Senator George N. Dinning, of Clearfield; Colonel Guffey, of Pittsburgh, and a host of other very reputable men representing the policies and principles, bad as they are, of the Democratic party. If Mr. Berry and Mr. Gibbons are able to convince the people of the State that they are better than all the leading Republicans and all the prominent Democrats of this State then of course they deserve success and in the very nature of things will be elected Governor and Lieutenant Governor respectively by an overwhelming majority, but they must first prove themselves bigger and better than all the rest.

The personal issue upon which Mr. Berry and the often beaten Gibbons must stand in the pending contest will in no way disturb the Republicans. Mr. Tener's campaign for Governor will be fought, and to succeed at that, on the issue of fitness for his exalted place to which he aspires, on his own successful record in politics, on the reputation of the Republican party leaders in this State and finally upon the magnificent record of achievement of the Republican party. There will be no hide-and-seek with isms and theories. President Taft, John Mitchell, Colonel Roosevelt and Governor Stuart have individually and collectively expressed their desire for the election of Mr. Tener. Senator Penrose has devoted his work in the United States Congress to making the issue for the Republicans and upon that issue there is absolutely no uncertainty. That issue is the tariff law under which the country is now operating. The tariff law was a year old last Friday. It shows prosperity never before equaled under any similar legislation. It shows a wonderful increase in the wages of labor and in Pennsylvania especially it has made the people prosperous and happy.

Since the existing tariff law went into effect the customs revenues have been approximately \$1,000,000 every working day. The monthly average of customs receipts has been double that under the Wilson law nearly double that under the McKinley law and about \$2,000,000 in excess of the Dingley law receipts. In addition to increasing the average monthly customs receipts over the Dingley law from \$21,676,085 to \$27,529,287, the Payne law has added more than \$2,000,000 a month to the treasury by means of the corporation tax.

The discontents and self-seekers are abundantly welcome to any comfort they may extract from the issues presented by the Republicans.

Vain Regrets.

"That man Riflin lacks courage and energy."

"Yes, confound him!"

"Why do you say that?"

"Because he was courted my wife long before I met her. If he had had a little more courage and energy - But what's the use of talking about it now?"—Cleveland Plain Dealer.

Eczema—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Piper Bros. Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all disease of the skin and scalp.

There is more Catarrh in this section of the country than all other diseases put together, and until a few years ago was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 7c. Take Hall's Family Pills for constipation.

LOCAL MENTION

Interesting News Items Condensed for Busy Readers.

Dr. J. Clive Enos left this morning for Northumberland to remain a couple of days. His wife accompanied him to Pittsburg.

Mr. and Mrs. J. A. Hepler of Washington avenue are absent on an automobile trip, during which they will visit relatives at Erie, where their daughter Miss May Hepler has been visiting for some time.

Raymond Kent has returned from a visit at Brsbin with friends.

Mrs. J. A. Jacobs, Miss Hester Jacobs and Miss Della Jacobs left this morning for Chautauque, where they will spend some time.

Walter C. Reeves and Jay Reeves left this morning for Niagara Falls and Buffalo, N. Y., where they will spend a week.

Rev. G. G. Kerr has returned from a trip of several days to the east.

Rev. and Mrs. J. T. Hackett leave today for a visit of several days at Cape May, N. J.

A marriage license has been granted to Edward Miller and Miss Martha Roberts, both of Charleroi.

A. B. Slaughter of Second street, contractor and builder left last night for Gary, Ind., to look over the field of operations there, preparatory to locating.

Mrs. Harry Barnhart has gone to Cleveland, Ohio, where she will visit her parents.

Miss Mabel J. Webster returned Monday evening after visiting relatives and friends in Washington and Canonsburg over Sunday. She will return to Washington Thursday morning to attend the Sunday school picnic held at Washington, thence to Canonsburg to attend the wedding of her cousin Miss Iva Walls, South Canonsburg.

Deeds Placed on Record for Local Property Transfers

Among the deeds placed on record in the recorder's office at Washington are the following for Charleroi and North Charleroi property:

Clara J. Lowstutter, et al., Charleroi to John H. Settles, Boston, Mass., May 16, 1910 lot in North Charleroi, Ryan avenue; consideration \$200.

Clara J. Lowstutter et al., Charleroi to John H. Settles, Boston, Mass., May 16, 1910; consideration \$150.

Harry G. Vickers et ux, of Finleyville to Henry Pelky and Anna Pelky, Charleroi, August 10, 1901, lot in Charleroi, Crest avenue, 20x120; consideration \$2,000.

GAME FORFEITED TO THE LUTHERANS BEFORE PLAYED

In a game which was forfeited to the Lutherans before it was played, because of the presence of only three of the Washington Avenue players on the field, the Lutherans defeated a team playing under the name of the latter last night. The score at the termination of what proved to be a good interesting battle was 5 to 1. The Lutherans scored one run in the first on a couple of errors and a stolen base, three in the third on three hits, two errors, a base on balls and a passed ball. One came in the fifth on an error and a bingle. The other fellows got their one score in the third inning on a life, a base on balls and two bingles. The score:

LUTHERANS	R	H	E	P	A	E
W. A. Pres.	1	0	0	0	0	1
J. Mason, 3	1	1	1	3	0	0

Sphar, Carson and Scott Families to Reune at Eldora

The Sphar, Carson and Scott families are arranging for their annual reunion to be held on the last Thursday of this month, August 25, at Eldora Park. The reunion will be in the nature of a country gathering, and full baskets will be taken. Funny stories and reminiscences will be told and recitations read. The families comprise a large portion of Fallowfield township residents.

Berryman shirt sale \$1.50, \$1.00 and 75c. shirts go at 59 cents Wednesday August 10. Just the right time to buy shirts. 29912

NEWCOMER FAMILY TO HOLD REUNION

Wednesday August 17, is the date set for the fifth annual reunion of the members of the Newcomer family to be held at Shady Grove park, Fayette county. This reunion bids fair to surpass any previous reunion of this family ever held in the county. The family is one of the largest and best known in the state. At present there are between 400 and 500 members of the family living in Fayette, Washington and Westmoreland counties, besides large numbers in Ohio, Illinois, Kansas and Nebraska, and word has been received from a number of those living at a distance to the effect that they will be present. The program has not yet been arranged, but will consist of a number of addresses and musical numbers.

The founder of the family landed in the vicinity of New York during the time of Peter Stuyvesant and while the family name has undergone some changes so far as spelling is concerned, the name is the modern equivalent of the old Dutch name of Neukommer.

Miners Elect a Delegate
The Charleroi miners at a meeting held last night in the Concordia Hall elected Samuel Pardoe as a delegate from the local to the national convention to be held Thursday of this week at Indianapolis. He will leave Wednesday. The convention is for the purpose of taking up matters concerning the Illinois field.

Lawn Fete
A lawn fete will be given by Mrs. H. W. Scott at North Charleroi tomorrow night, for the benefit of Christ Lutheran church. 29912

Hail to Our Bargain Feast

What's a Shoe bargain? A good money's worth. What's a good money's worth? Good leather, good fitting, good looking, good wearing Shoes for less than their value.

Do all the stores that are now shouting Shoe bargains give bargains? Some do, more than don't.

We Do, Anyway

Those that don't had better look out, people know old styles and bad shapes and russets dyed black when they see them. And we hear a lot of gossip going on these days. Those who have looked say no such shoes as ours are being sold elsewhere for anything like the money. If you will make comparisons

LARGE COMPANY STORE BURNED TO THE GROUND ENTAILING LOSS OF \$25,000

Arnold City Scene of Court Tells Constables

Disastrous Conflagration Which Licks Up Large Building Early This Morning.

MANAGER BARELY ESCAPES

Hepler With His Family Gets

Out But Household Goods All Go Up in Smoke.

By fire of unknown origin the company store No. 17 of the Federal Supply company at Arnold City was destroyed this morning at about 4 o'clock, entailing a loss of \$25,000 to the company. The Pittsburgh Coal company will really be the sufferers. The United States government will also suffer to some extent this store being the Arnold City postoffice. The general stock which was carried as well as the building was partially covered by insurance which the company carried themselves.

The flames started at about 3:30 o'clock in the rear of the store, where there was a butcher shop. The manager and postmaster is W. E. Hepler, and he with his family lives above the store. The building is in sort of a ravine, and the flames were discovered by a resident on the hill overlooking. Mr. Hepler was notified in time to get out with his family, but not in time to save any of his household goods, or anything from the store.

After the flames were discovered the report spread and within a short time there was a huge crowd on the scene, but it was impossible to do anything to save the structure on account of the lack of fire fighting apparatus. The stable in the rear of the store took fire, but by constant watching while the conflagration raged was saved.

The building was a large one and the loss from it will be about \$10,000 according to officials. The stock was valued at \$15,000. The store was one of the largest owned by the Federal Supply company and it was the central shopping point or a larger percentage of the miners employed in the Arnold City district. A general stock was carried, and a meat market was run in connection with the store.

Officials of the company are utterly at sea as to the cause of the fire but incendiary is suggested by some. It may have come from some other source however. The loss to the government is not reckoned, Mr. Hepler being unable to tell just what quantity of stamps and other incidents were in the office.

ODY ABBOTT INTO NATIONAL LEAGUE

Ods "Doc" Abbott, middle fielder of the New Castle team of the Ohio and Pennsylvania League, was yesterday sold to the St. Louis National League team. The price paid is said to be \$2,000. Abbott will report to the St. Louis management on September 6 at Pittsburgh, following the close of the O. and P. League season.

Abbott whose home is in Monongahela is one of the best known players from the valley. He was formerly the right fielder for the Charleroi team in the P. O. M. league.

Court Tells Constables

Finger Boards are Needed

Township Officers Instructed to Have Supervisors Make Repairs Such as by Law Demanded.

"There is a more crying demand for the enforcement of the finger board law," remarked the court after an examination of the quarterly returns of the constables yesterday. Constable were instructed to get after the supervisors and see that they comply with the law requiring the placing of finger boards at cross roads. "Travel has become difficult in this country," continued the court "and strangers must receive the information the law calls for." Amwell was cited as the model township in this respect, the constable seeing that the supervisors comply with the law. The court stated that farmers are often annoyed by strangers who are compelled to ask their way because of the lack of fingerboards.

WILL VOTE ON THE AMENDMENTS

Commonwealth Now Advancing Proposed Changes in Constitution.

The advertisement of the four constitutional amendments that are to be considered for the second time by the Legislature in 1911 has been sent out from the State Department to be printed in 200 newspapers 13 times between now and the November election, as required by law.

Should the next Legislature approve the amendments they will be voted on by the people in November 1911. One allows the Legislature to create new courts and increase the number of judges. Another abolished the poll tax. Another consolidates the courts in Philadelphia and Allegheny counties. The fourth permits Philadelphia to increase its bonded indebtedness to ten per cent of its assessed property valuation instead of seven per cent as at present.

VACANCIES ALL FILLED

One Teacher Elected by School Board for Seventh Grade.

The school board at an adjourned meeting last night took action for making a change in reading books in the grades of the schools, elected a new teacher for the seventh grade of the Fifth street building, and ordered supplementary books for the grades and High school.

The new teacher elected was Miss Mary E. Rice of Arendtsville, Pa. she coming well recommended. The vacancies in the schools are all filled now. Among the supplementary books ordered were latin grammars and German books for the High school.

MINE FOREMEN PLEAD GUILTY

Sentenced by Court to Pay Fine and Costs of Prosecution.

Archibald Ferguson, mine foreman of the Eclipse mine of the Monongahela River Consolidated Coal and Coke company and Harry Howarth, mine foreman of the Catfish mine of the same company, yesterday entered pleas of guilty to violation of the bituminous mining law and were sentenced by Judge J. F. Taylor to pay costs and fines of \$50 each. There were five counts in the indictment against Ferguson and six against Howarth. F. W. Cunningham and Alexander McCauch, mine inspectors were the prosecutors. The principal charges against the defendants were with regard to improper ventilation, allowing gas to accumulate in abandoned workings, and failure to provide shelter holes on haulage ways.

The defendants were represented by Attorney Carl E. Gibson, who claimed that the coal company had been working since last November to remedy the conditions complained of. Attorney A. M. Templeton appeared for the mine inspectors.

WORTHLESS CURS COST COUNTY MUCH

Dogs Ravaging on Sheep Cause Heavy Claims to be Made.

That the worthless cur dogs of Washington county have a sweet tooth for mutton is evidenced by the 210 damage claims now on file in the commissioner's office, according to the Washington Observer.

One hundred and twenty-seven of these claims are for last year and 73 are for the present year. The total amount of the claims is \$7,339.95. The claims range from \$7.50 to \$258.66 eight being over \$100. Sixty of the dogs engaged in the slaughter were killed. Flockmasters residing near the mining settlements appear to have been the worst sufferers.

The amount of dog tax received yearly is about \$6,000 and it will be about \$1,300 short of meeting the present claims on file.

The commissioners will begin paying sheep claims about the last of September in the order filed. A number of sheep owners will have to wait a year to receive the money due them.

ENGINEERS STUDYING THE LOCKS

Party of Second Lieutenants Here for Government.

IN DISTRICT FOR MONTH

A class of 15 army engineers who graduated from West Point Military Academy a year ago have been in the Pittsburgh district the past several days, obtaining a practical insight into river and harbor improvements under Col Henry C. Newcomer, of the United States Engineering Corps of the Pittsburgh district. Trips have been made along the Monongahela, Allegheny and Ohio rivers, but especially along the Monongahela river, due to the construction of the locks and dams claim their attention.

The trip up the Monongahela river was only to Brownsville, where one of the model river locks of the United States was recently constructed, and just a few weeks ago put into use. The young officers spent some time there. At Lock No. 4 they spent but a short time. The trip up river was made with Col. Newcomer on the U. S. Steamer Swan, but the return was by train.

The officers all bear the rank of second lieutenant, and in accordance with instructions from the war department in Washington have been making a thorough study of the river, harbor and canal improvements, lately returning from a trip to Panama. They will leave this section about August 30 to report to the commandant of the engineering school at Washington for further instructions. It is expected that these young men will have much to do with the future improvements along the Ohio river.

GRAND JURY TAKES UP REGULAR WORK

Alleged Washington Booze Sellers Indicted for Trial.

When the grand jury was convened yesterday afternoon at 1 o'clock nineteen jurors answered roll call. M. S. Moorehead of McDonald was appointed foreman.

The grand jury returned true bills against Ambrose Asbury, Mark Grayson and Alfred Brown, charged with selling liquor without license. The defendants are alleged to have done a thriving business among the thirty citizens of Washington and were recently rounded up by the police officers there. Kizzle Wright, a well known Washington character, was also indicted on charges of illegal liquor selling and keeping a disorderly house.

JUDGE TAKES BOY ON THE BENCH FOR WORDS OF ADVICE

With characteristic tenderness toward children, Judge J. F. Taylor called little James Cratty, 11 years old, from the bar and allowed him to sit beside him on the judicial bench yesterday afternoon at Washington. Little James Cratty was brought up before Judge Taylor by the juvenile court for stealing money from his grandmother and uncle, with whom he lived at Monongahela.

It is alleged that the boy took a dollar from his grandmother and bought a watermelon and some candy, which he divided among his playmates. After talking kindly with him for some time, in which he was given some good advice, Judge Taylor sent the boy back to his grandmother on probation.

INSPECTORS RECOMMEND CHANGES IN THE MINES

Effort Being Made to Cut Down Number of Accidents in the Bituminous Regions of State.

POSTING OF DRAW SLATES IMPORTANT

With a view of cutting down the large percentage of accident in the bituminous mines of the state, mine inspectors have presented to mine superintendents, mine foremen and fire bosses in their various districts, recommendations for the better safe guarding of the lives of the workmen and the protection of property. The recommendations were adopted at a meeting of the inspectors held in Pittsburgh and but recently have been sent out to the mining men.

The inspectors recommended a new system of posting to prevent slate falls, also a clear level of no less than two and one-half feet between the side of the car and rib to allow the driver to pass his trip safely and keep clear of the cars and the application of sprags or brakes on haulage road to safeguard life and limb.

It is claimed that during the last year 14 percent of all the fatalities in the mines were due to mine cars.

The inspectors also unanimously agree that the use of open lights should be discontinued and locked safety lamps should be exclusively used in and about all pillar workings wherein explosive gas has been at any time discovered and in places where explosive gas is liable to be carried in an air current from pillar workings or falls. The more careful timbering of the mines in the coke regions is recommended.

The inspectors in their recommendations to the superintendent, foreman and fire bosses made August 1 the date of which it was hoped the changes would be made. The inspectors are running from District No. 1 to the 21st: Alexander McCauch, C. B. Ross, I. G. Roby, Arthur Neale, Patrick J. Walsh, D. R. Bolwer, John F. Bell, David Young, W. H. Howarth, John L. Pratt, Charles P. McGregor, F. W. Cunningham.

CHARLEROI MAN INVENTOR

Notice is being given by Hugh E. Fergus, solicitor for a company recently formed in Charleroi to be known as "The Safety Envelope and Paper company," of an application to be made of September 2 to the Governor for a charter. The purpose of the company is to manufacture paper, paper envelopes, paper boxes and other articles from paper such as may be desired.

The principal object of the corporation, however, is to manufacture a patent envelope invented by L. P. Flickinger, Jr., one of the company. This is a safety envelope, which after once sealed is impossible to open without tearing. It is what might be termed glueless envelope.

The incorporators of the company are L. P. Flickinger, Jr., L. S. Jack and S. Walton Sharpnack.

WILL OBSERVE ANNIVERSARY

Charleroi Circle Plans to Celebrate Founding of Order.

Arrangements are being made by Charleroi Circle No. 303, Protected Home Circle, for the observance of the 24th anniversary of the founding of the order in the United States and the 14th anniversary of the founding of the Charleroi circle. These events will be celebrated on August 26, when it is expected grand officers will be present. The Charleroi circle has 318 members.

Your choice of \$1.50 \$1.00, 75 cent shirts for 95 cents at Berryman's Remnant Sale Wednesday. 29912

About 25 members of the Charleroi Circle No. 303 Protected Home Circle including the degree team went to Donora last night to visit the circle there, where there was a class of 20 candidates to be initiated.

The Charleroi degree team performed the initiatory rites, after which a social session was held. The Donora circle, only four weeks old, now has a membership of 50 persons, it having been organized by District Deputy W. R. Starke. Efforts will be made to have it on the honor roll of all the circles in the United States by the first of October, with 100 members.

DEGREE TEAM INITIATES A DONORA CLASS

Health Inspection

Inspection of the teeth of pupils in
the public schools was recommended
at the recent annual convention at
Denver of the National Dental as-
sociation in the interest of the health
of the children. And it would be an
excellent innovation to adopt says
the New Castle Herald.

Last winter the dentists of Youngs-
town asked and obtained permission
to make such an examination of the
children in the public schools of that
city. The results were surprising.
Hundreds of children were found who
did not even know the use of a tooth
brush. Hundreds of others naively
admitted they scarcely ever used one.

The children are not to blame, al-
though they will be the ones to suffer
in after years from the ignorance or
carelessness of their parents, in fail-
ing to instruct them in the care of
their teeth. Human beings, unfor-
tunately cannot grow more than a
certain limited number of molars.
When these are gone they are forced
to depend upon the artificial product.

Were dentists actuated solely by
mercenary motives, they would not
suggest dental inspection, as a lack of
care by children of their teeth, would
mean increased business for the den-
tists in later years. However, mem-
bers of the dental profession stand
upon the same high plane as their
brothers in medicine in sacrificing
their own interests for the general
good.

Dental inspection would not be
costly in the schools. Some of the
public money might well be saved
otherwise and expended in a way that
would do almost every pupil a real
and lasting service. The idea is not
new.

Many cities have adopted it, that
are fortunate in having intelligent
and progressive men at the head of
their educational system.

For River Improvement

The National Rivers and Harbors
Congress which holds its sixth an-
nual convention December 7, 8 and 9,
will bring together a notable body of
men and women who are interested in
the development of the waterways of
the United States. Efficient means
of transportation is a necessity of
modern civilization. This is peculiar-
ly the case in a nation of such magni-

ficient distances as ours and here an
exchange of products is an absolute
essential to the happiness, comfort
and progress of the people.

President Taft, who has shown the
liveliest possible interest in making
the rivers do their proportion of trans-
porting the heavier and bulkier prod-
ucts of the farm, mine and factory,
and who confidently looks to the time
when the waterways of the United
States will be carrying their share of
commerce, will open the convention.
It is expected that Ex-President
Roosevelt will also deliver an address
with special reference to the rivers
of Europe which he had occasion to
carefully investigate during his recent
trip to Africa.

A representative of King George
of England will be present as will
representatives from other European
countries and South America.

The Cost of Living

Now as to our responsibility for
the increased cost of living, which,
according to the apologists for the
Aldrich tariff, has likewise twirled
round the world. There is no question
but that in the matter of setting a bad
example in this matter we are sad
offenders says the Altoona Tribune.
People of cosmopolitan experience are
always shocked when they come to
shopping or traveling in this country.
Here is a recently returned globe-
trotting Briton publishing his compar-
isons of American and British prices
for the common necessities of a day's
movements and living. He begins
with the street car fares and con-
trasts our prevalent nickel rate of
fare, the common standard, with the
half penny in London—one cent.

Then the records this harrowing inci-
dent: "The other morning I was
ordering a simple breakfast in a Bos-
ton hotel and I asked for two poached
eggs, which were priced on the bill
of fare at one shilling eight pence (38
cents.) 'On toast?' asked the Ger-
man waiter 'Certainly,' I replied.
When I received my bill these two
eggs were charged at two shillings
(50 cents)—and the smiling waiter
explained that the toast had made the
difference." Then he contrasts the
steaks—a dollar here against what
would be forty odd cents in Germany,
and thirty odd cents in London. Of
course, when this Briton got into the
famous New York hotel he was fair-
ly beside himself on finding that a
common dish of oatmeal porridge and
cream cost him over thirty cents and
grape fruit seventy five cents. "I
have never heard such terrible lan-
guage in all my life," he says, "as
that which came from a Scotchman in
Boston who had paid six shillings
(\$1.50.) for a lobster salad and one
shilling six-pence (31 cents) for a
caramel custard."

ELECTRIC SPARKS

Some writers never have a style.

The muddlers in politics simply
muddle to keep themselves from
getting into worse trouble.

Pittsburg people think some one
should risk their life every day just to
please the morbid fancy.

After all there is nothing like a
good old dirigible horsefly to navigate
the air.

Turn About

He taught her how to dive and float
When they were at the shore.
He taught her how to steer a boat
And lots of other lore.

They're married now and he must
learn

To meet her every whim,
She very kindly takes her turn
At teaching things to him.—Post

The best way to escape accide-
nt by riding in a buggy is to ride in
some other vehicle.

The good old family horse has
passed into history with the coming of
the automobile and the airship.

It is said that the official census
will show that there are over 10,000
more knockers in Cincinnati than
there were 10 years ago.

A woman's idea of a husband is
one who does all the kind things her
neighbor's husbands do and a few
more.

It is truly argued that a good deal
of trouble in the world is home made.
But how about that back door neigh-

bor who always insists upon peering
your wife.

Says Uncle Heck

Unk'! Jim Lester is gittin' dis-
couraged about th' future of th' coun-
try. He's been applyin' for th' post
mastership for five administrations—
and is still shoein' horses. Now he
says even if he gits it next time, he'll
be so blind that readin' th' post cards
won't be no amusement.

Aunt Jinny Millers' recipe for
preservin' peaches without usin' no
dangerous drug is to hide th' jars
under th' box of soap in the closet.

A stoic is described by an exchange
as merely a pessimist who is deaf
and dumb on purpose.

Cannot Find Men to Man Towboats

Towboat captains are experiencing
much difficulty in securing crews who
will stay on board beyond a few days.
The highest wages paid along the
river since the Civil war, \$60 for
firemen and \$50 per month for roust-
abouts, including board, is the stand-
ard, but reliable deckhands are diffi-
cult to secure. Some skippers have
been experimenting with foreigners
with fair success. For the first time
in years one boat, the Bessie Smith is
being operated out of this port with-
out a colored man being a member
of the crew.

Moore Ties Spencer

Under the best of conditions the
Brownsville Rod and Gun club enter-
tained Charles G. Spencer, champion
crap shooter of the United States yes-
terday. He was treated to a big sur-
prise when Cal Moore, the local
crack, tied him with a score of 97
birds out of 100.

New Singer at Palace

Douglas Robertson a new tenor
singer at the Palace made his first ap-
pearance before a local audience last
night and he was well received.
Robertson has a high tenor voice of
rare quality. He comes here from
New York.

Will Hold Baby Show

The Ladies Aid Society of Christ
Lutheran church will hold a baby
show in the Sunday School rooms of
the church on Friday evening. The
affair is something of an annual event.
There will be several beautiful prizes
and a souvenir for each child.

NO MORE RUNNING SORES

W. F. Hennings Sells an Oint-
ment Called San Cura That is a
Positive Cure

If you know any people who suffer
from old or running sores, tell them
about San Cura ointment, and they
will bless you as long as they live.

It matters not how old, persistent
or poisonous the sore is, San Cura
Ointment, the powerful antiseptic,
will draw out every particle of poison
and promptly heal the sore.

So sure of this are the owners,
the Thompson Medical Co., that they
have authorized W. F. Hennings to re-
turn the purchase price if San Cura
Ointment doesn't do all this paper
says it will do. No fairer offer was
ever made.

B. D. Dutton, Titusville, Pa.,
knows that San Cura Ointment will
cure sores, and in the interest of
suffering humanity he constantly
praises its marvelous curative virtues.
He says: "My arm was covered
with twenty-four running sores and
swollen to twice its natural size. San
Cura Ointment removed the pain,
drew out the poison and healed the
ear in an incredibly short time. It is
the greatest compound for healing I
ever used."

The mighty healing powers of San
Cura Ointment is little short of mar-
velous. It gives instant relief and is
guaranteed to cure salt rheum,
eczema, bleeding, itching or protrud-
ing piles, ulcers, boils, carbuncles,
chapped hands and chilblains. For
cuts, burns, scalds and bruises, it
stops all pain quickly and heals
promptly. 25c and 50c a jar. By
mail on receipt of price, if your drug-
gist is out of it or does not keep it.

SAN CURA SOAP.

For tender itching or irritable skin,
wash with San Cura the only antiseptic
soap that soothes and heals and
kills all germs of disease. It will
cure pimples, blackheads and makes
the complexion clear and attractive.

Brings the Outside World to You

This simple act tells the story of BELL efficiency.

Lifting the receiver of any Bell Telephone is equiv-
alent to making a call or making a journey. The Bell
System reaches out everywhere and brings to you the
party with whom you wish to speak.

A standing army of one hundred thousand Bell em-
ployees is on duty at all times to render you prompt
service. Ten million miles of wire radiate all over the coun-
try for the convenience of Bell users—for your convenience.

It is this far-reaching, constant, to-the-second service
that makes the Bell System supreme in the principal cities,
and which gives to small communities the same telephone
advantages enjoyed in the large centers.

Bell service is UNIVERSAL. It brings the outside
world to you.

For rates and other information regarding service, call the District Manager.

The Central District and Printing Telegraph Company

Mighty In Titles.

The ruler of Turkey, in addition to
the titles sultan and kha-khan (high
prince and lord of lords), also claims
sovereignty over most districts, towns,
cities and states in the orient, specifying
each by name and setting out in
each of his various titles "all the forts,
citadels, purches and neighborhood
thereof" in regular legal form. His of-
ficial designation ends: "Sovereign also
of diverse nations, states, peoples and
races on the face of the earth." All
this is in addition to his high position
as "head of the faithful" and "su-
preme head of all the followers of the
prophet" "direct and only lieutenant
on earth of Mohammed."

The Great Eastern.

The dimensions of the one time world
famous Great Eastern were as fol-
lows: Length, 632 feet; width, 83 feet;
depth, 64 feet; tonnage, 24,000 tons;
draft, when unladen, 20 feet; when
laden, 30 feet. She had paddle-
wheels fifty-six feet in diameter and
was also provided with a four bladed
screw propeller of twenty-two feet
diameter. She had accommodations
for 800 first class, 2,000 second class
and 1,200 third class passengers, 4,000
in all. Her speed was about eighteen
miles an hour. The Great Eastern was
finally broken up for old iron in the
year 1889 after a checkered career of
some thirty-one years.

The Twenty Cent Revenger.

She was in a very hot temper as she
conducted an Amsterdam avenue car.
Her temper was not improved by the
fact that as she drew a quarter of a
dollar from her jeweled gold purse the
coin slipped from her fingers and rolled
on the floor of the car. She made
no move to recover the money, but
when the conductor came in to collect
her fare she pointed with the tip of
her handsome parasol to the coin.
"I dropped my fare," she said snap-
pishly. "Pick it up."

The young conductor looked her in
the eye for just a moment, and then
stooping, he picked the coin from be-
tween the wheels on the floor covering.
Leisurely he took four nickels from
his pocket and put them where the
quarter had been before. Maybe it
was the effort of bending that made
his face red. When he straightened
up he rang up the fare, turned, and
sauntered back to the rear platform.—

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.
4400--F. J. CHENEY & CO., Toledo, Ohio.

Take Hall's Family Pills for constipation.

BERRY'S ISSUE NOW DEFINED

He Has Worn Out Everything
and Must Try Personality
For Luck

CONSPICUOUS FIGURES IN LINE

Taft, Roosevelt, Mitchell, Penrose, Stuart, Tener and Others Representing Republican Principles and Policies Concerned in Success of Their Party.

The voters of Pennsylvania are decidedly impatient for the issue upon which Candidate W. H. Berry and his colleagues on the Keystone party ticket are to stand in the pending State campaign. Of course Mr. Berry will not offer to the voters a political issue. The only political issue ever recognized by him is that upon which his political advocate, William Jennings Bryan, has always stood in campaigns and led his followers to defeat and disaster at the election. In Pennsylvania especially, that issue does not weigh much. In fact that issue is too thin to conceal the real issue whatever it may be. Mr. Berry will hardly attempt to force into the contest a religious issue because those who know him best realize that he does not have a monopoly on religious feeling. The temperance issue might appeal to Mr. Berry personally and if he had his way he might adopt it in an emergency but his colleagues are not willing to stand upon a platform constructed out of that sort of material. In any event the real temperance people of the State have emphatically repudiated Mr. Berry and will not admit of his using their platform for his own selfish purposes. Under the circumstances, therefore, it seems positively certain that Mr. Berry and his Keystone party col-

leagues must stand upon a personal issue, and upon that issue they should be tried by the people. The personal issue is the only one known in the science of modern campaigning which Mr. Berry and at least one of his associates have not thoroughly tested, and now, probably better than any other time, it would be wise to put the personal issue to the test. When Mr. Berry was originally dragged into the lime light and made a candidate for State Treasurer Colonel J. M. Guffey, now denounced by Mr. Berry as a Democratic boss, did the dragging and Mr. Berry was delighted to serve and use Colonel Guffey or any other political leader in sight. In fact Mr. Berry was so much delighted with Colonel Guffey that he borrowed money from him in large sums. That followed the disagreement between Boss Guffey of Pennsylvania and Boss Bryan of Nebraska and notwithstanding that Mr. Berry had a large bundle of Colonel Guffey's money somewhere about his person he took sides with the Nebraska boss and helped to give Colonel Guffey and all the organization Democrats of Pennsylvania a grievous humiliation at the Denver national convention by throwing them out of the national gathering bag and baggage. On a political issue Mr. Berry had been a candidate before the Pennsylvania Democrats for delegate to the Denver convention and had been whipped out of his boots. His defeat forced him to abandon his political issue for the time and instead he took up revenge as an issue. On that issue he was repeatedly rebuked by the people, just as his colleague, D. Clarence Gibbons, has been repeatedly rebuked. With all other issues removed from the contest Mr. Berry and Mr. Gibbons must measure their personal strength with President Taft, former President Theodore Roosevelt, John Mitchell, former president of the American Federation of Miners; United States Senator Boies Penrose, Governor Edwin S. Stuart, John K. Tener, the regular Republican candidate for Governor, and a host of other prominent men from every section of the State representing the policies and principles of the regular Republican party. On the Demo-

cratic side Berry and Gibbons must measure up personally with Judge James Gay Gordon, of Philadelphia, the editors and owners of the "Pittsburgh Post," the only Democratic organ in the State; Webster Grim, the regular Democratic nominee for governor; State Chairman Arthur G. Dewalt, of Lehigh; Senator George V. Dimling, of Clearfield; Colonel Guffey, of Pittsburgh; and a host of other very reputable men representing the policies and principles, bad as they are, of the Democratic party. If Mr. Berry and Mr. Gibbons are able to convince the people of the State that they are better than all the leading Republicans and all the prominent Democrats of this State than of course they deserve success and in the very nature of things will be elected Governor and Lieutenant Governor respectively by an overwhelming majority, but they must first prove themselves bigger and better than all the rest.

The personal issue upon which Mr. Berry and the often beaten Gibbons must stand in the pending contest will in no way disturb the Republicans. Mr. Tener's campaign for Governor will be fought, and to success at that, on the issue of fitness for his exalted place to which he aspires, on his own successful record in politics, on the reputation of the Republican party leaders in this State and finally upon the magnificent record of achievement of the Republican party. There will be no hide-and-seek with isms and theories. President Taft, John Mitchell, Colonel Roosevelt and Governor Stuart have individually and collectively expressed their desire for the election of Mr. Tener. Senator Penrose has devoted his work in the United States Congress to making the issue for the Republicans and upon that issue there is absolutely no uncertainty. That issue is the tariff law under which the country is now operating. The tariff law was a year old last Friday. It shows prosperity never before equalled under any similar legislation. It shows a wonderful increase in the wages of labor and in Pennsylvania especially it has made the people prosperous and happy.

Since the existing tariff law was into effect the customs revenues have been approximately \$10,000,000 every working day. The monthly average of customs receipts has been double that under the Wilson law, nearly double that under the McKinley law and about \$2,000,000 in excess of the Dingley law receipts. In addition to increasing the average monthly customs receipts over the Dingley law from \$21,676,095 to \$27,529,287, the Payne law has added more than \$2,000,000 a month to the treasury by means of the corporation tax.

The discontents and self-seekers are abundantly welcome to any comfort they may extract from the issues presented by the Republicans.

Vain Regrets.

"That man Riffin lacks courage and energy."
"Yes, confound him!"
"Why do you say that?"
"Because he was courting my wife long before I met her. If he had had a little more courage and energy-- But what's the use of talking about it now?"--Cleveland Plain Dealer.

Eczema--A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Piper Bros. Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all disease of the skin and scalp.

Health Inspection

Inspection of the teeth of pupils in
the public schools was recommended
at the recent annual convention at
Denver of the National Dental
association in the interest of the health
of the children. And it would be an
excellent innovation to adopt says
the New Castle Herald.

Last winter the dentists of Youngs-
town obtained permission
to make such an examination of the
children in the public schools of that
city. The results were surprising.
Hundreds of children were found who
did not even know the use of a tooth
brush. Hundreds of others naively
admitted they scarcely ever used one.

The children are not to blame, al-
though they will be the ones to suffer
in after years from the ignorance or
carelessness of their parents, in fail-
ing to instruct them in the care of
their teeth. Human beings unfor-
tunately cannot grow more than a
certain limited number of molars.
When those are gone they are forced
to depend upon the artificial product.

Were dentists actuated solely by
mercenary motives, they would not
suggest dental inspection, as a lack of
care by children of their teeth, would
mean increased business for the den-
tists in later years. However, mem-
bers of the dental profession stand
upon the same high plane as their
brothers in medicine in sacrificing
their own interests for the general
good.

Dental inspection would not be
confined to the schools. Some of the
public money might well be saved
otherwise and expended in a way that
would do almost as much good as
any other.

Many cities have adopted it, that
is fortunate in having intelligent
and progressive men at the head of
their educational system.

For River Improvement

The National Rivers and Harbors
Congress which holds its sixth an-
nual convention November 7, 8 and 9,
will bring together a notable body of
men and women who are interested in
the development of the waterways of
the United States. Efficient means
of transportation is a necessity of
modern civilization. This is peculiarly
the case in a nation of such magni-

ficient distances as ours and here an
exchange of products is an absolute
essential to the happiness, comfort
and progress of the people.

President Taft, who has shown the
keenest possible interest in making
the rivers do their proportion of trans-
porting the heavier and bulkier prod-
ucts of the farm, mine and factory,
and who confidently looks to the time
when the waterways of the United
States will be carrying their share of
commerce, will open the convention.
It is expected that Ex-President
Roosevelt will also deliver an address
with special reference to the rivers
of Europe which he had occasion to
carefully investigate during his recent
trip to Africa.

A representative of King George
of England will be present as will
representatives from other European
countries and South America.

The Cost of Living

Now as to our responsibility for
the increased cost of living, which,
according to the apologists for the
Aldrich tariff, has likewise twined
round the world. There is no question
but that in the matter of setting a bad
example in this matter we are sad
offenders says the Altoona Tribune.
People of cosmopolitan experience are
always shocked when they come to
shopping or traveling in this country.

Here is a recently returned globe-
trotting Briton publishing his compar-
isons of American and British prices
for the common necessities of a day's
movements and living. He begins
with the street car fares and con-
trasts our prevalent nickel rate of
fare, the common standard, with the
half penny in London—one cent.

Then the records this harrowing in-
cident. "The other morning I was
ordering a simple breakfast in a Bos-
ton hotel and I asked for two poached
eggs, which were priced on the bill
of fare at one shilling eight pence (88
cents). "On toast" asked the Ger-
man waiter "Certainly," I replied.

When I received my bill these two
eggs were charged at two shillings
(50 cents)—and the smiling waiter
explained that the toast had made the
difference. Then he contrasts the
steaks—a dollar here against what
would be forty odd cents in Germany,
and thirty odd cents in London. Of
course, when this Briton got into the
famous New York hotel he was fair-
ly beside himself on finding that a
common dish of oatmeal porridge and
cream cost him over thirty cents and
grape fruit seventy five cents. "I
have never heard such terrible lan-
guage in all my life," he says, "as
that which came from a Scotchman in
Boston who had paid six shillings
(\$1.50) for a lobster salad and one
shilling six-pence (31 cents) for a
caramel custard."

ELCTRIC SPARKS

Some writers never have a style.

The muddlers in politics simply
muddle to keep themselves from
getting into worse trouble.

Pittsburg people think some one
should risk their life every day just to
please the morbid fancy.

After all there is nothing like a
good old dirigible horsefly to navigate
the air.

Turn About

He taught her how to dive and float
When they were at the shore.
He taught her how to steer a boat
And lots of other lore.

They're married now and he must
learn
To meet her every whim.
She very kindly takes her turn
At teaching things to him—Post

The best way to escape accide-
t by riding in a buggy is to ride in
some other vehicle.

The good old family horse has
passed into history with the coming of
the automobile and the airship.

It is said that the official census
will show that there are over 10,000
more knockers in Cincinnati than
there were 10 years ago.

A woman's idea of a husband is
one who does all the kind things her
neighbor's husbands do and a few
more.

It is truly argued that a good deal
of trouble in the world is home made.
But how about that back door neigh-

bor who always insists upon pestering
your wife.

Says Uncle Heck

Uncle Jim Lester is gittin' dis-
couraged about th' future of th' coun-
try. He's been applyin' for th' post
mastership for five administrations—
and is still shooin' horses. Now he
says even if he gits it next time, he'll
be so blind that readin' th' post cards
won't be no amusement.

Aunt Jinny Millers' recipe for
preservin' peaches without usin' no
dangerous drug is to hide th' jars
under th' box of soap in the closet.

A stove is described by an exchange
as merely a pessimist who is deaf
and dumb on purpose.

Cannot Find Men to Man Towboat

Towboat captains are experiencing
much difficulty in securing crews who
will stay on board beyond a few days.
The highest wages paid along the
river since the Civil war, \$60 for
firemen and \$50 per month for roust-
abouts, including board, is the stand-
ard, but reliable deckhands are diffi-
cult to secure. Some skippers have
been experimenting with foreigners
with fair success. For the first time
in years one boat, the Bessie Smith
is being operated out of this port with-
out a colored man being a member
of the crew.

Moore Ties Spencer

Under the best of conditions the
Brownsville Rod and Gun club enter-
tained Charles G. Spencer, champion
crap shooter of the United States yes-
terday. He was treated to a big sur-
prise when Cal Moore, the local
crack, tied him with a score of 97
birds out of 100.

New Singer at Palace

Douglas Robertson a new tenor
singer at the Palace made his first ap-
pearance before a local audience last
night and he was well received.
Robertson has a high tenor voice of
rare quality. He comes here from
New York.

Will Hold Baby Show

The Ladies Aid Society of Christ
Lutheran church will hold a baby
show in the Sunday School rooms of
the church on Friday evening. The
affair is something of an annual event.
There will be several beautiful prizes
and a souvenir for each child.

Your choice of \$1.50, \$1.00, 75c.
shirts for 59 cents at Berryman's
Remnant Sale Wednesday 29912

NO MORE RUNNING SORES

W. F. Hennings Sells an Oint-
ment Called San Cura That is a
Positive Cure

If you know any people who suffer
from old or running sores, tell them
about San Cura ointment, and they
will bless you as long as they live.

It matters not how old, persistent
or poisonous the sore is, San Cura
Ointment, the powerful antiseptic,
will draw out every particle of poison
and promptly heal the sore.

So sure of this are the owners,
the Thompson Medical Co., that they
have authorized W. F. Hennings to re-
turn the purchase price if San Cura
Ointment doesn't do all this paper
says it will do. No fairer offer was
ever made.

B. D. Dutton, Titusville, Pa.,
knows that San Cura Ointment will
cure sores, and in the interest of
suffering humanity he constantly
praises its marvelous curative virtues.
He says: "My arm was covered
with twenty four running sores and
swollen to twice its natural size. San
Cura Ointment removed the pain,
drew out the poison and healed the
ear in an incredibly short time. It is
the greatest compound for healing I
ever used."

The mighty healing powers of San
Cura Ointment is little short of mar-
velous. It gives instant relief and is
guaranteed to cure salt rheum,
eczema, bleeding, itching or protrud-
ing piles, ulcers, boils, carbuncles,
chapped hands and chilblains. For
cuts, burns, scalds and bruises, it
stops all pain quickly and heals
promptly. 25c and 50c a jar. By
mail on receipt of price, if your drug-
gist is out of it or does not keep it.

SAN CURA SOAP.

For tender itching or irritable skin,
wash with San Cura the only antiseptic
soap that soothes and heals and
kills all germs of disease. It will
cure pimples, blackheads and makes
the complexion clear and attractive.
25c. at W. F. Hennings.

Co., Titusville, Pa.

Brings the Outside World to You

This simple act tells the story of BELL efficiency.

Lifting the receiver of any Bell Telephone is equiv-
alent to making a call or making a journey. The Bell
System reaches out everywhere and brings to you the
party with whom you wish to speak.

A standing army of one hundred thousand Bell em-
ployees is on duty at all times to render you prompt
service. Ten million miles of wire radiate all over the coun-
try for the convenience of Bell users—for your convenience.

It is this far-reaching, constant, to-the-second service
that makes the Bell System supreme in the principal cities,
and which gives to small communities the same telephone
advantages enjoyed in the large centers.

Bell service is UNIVERSAL. It brings the outside
world to you.

For rates and other information regarding service, call the District Manager.

The Central District and Printing Telegraph Company

Mighty In Titles.

The ruler of Turkey, in addition to
the titles sultan and kha-khan (high
prince and lord of lords), also claims
sovereignty over most districts, towns,
cities and states in the empire, specifying
each by name and setting out in
each of his various titles "all the forts,
citadels, palaces and neighborhoods
thereof in regular legal form. His of-
ficial designation ends. Sovereign also
of diverse nations, states, peoples and
rivers on the one of the earth. All
this is in addition to his high position
as head of the faithful and su-
preme lord of all the followers of the
prophet, etc., etc., and only mentioned
on certain occasions.

The Great Eastern.
The dimensions of the one-time world
famous Great Eastern are 100 feet
long, 100 feet wide, 100 feet high,
100 feet deep, 100 feet round, 100 feet
diameter, when launched 20 feet, when
loaded 30 feet. She had 1000
wheels, 1000 feet in diameter, and
was also provided with a four-bladed
screw propeller of 1000 feet, 100 feet
diameter. She had accommodations
for 800 first class, 2000 second class
and 1,200 third class passengers, 4,000
in all. Her speed was about eighteen
miles an hour. The Great Eastern was
finally broken up for old iron in the
year 1880 after a checkered career of
some thirty-one years.

Climax

Washing Tablets Saves Rubbing, Whitens Clothes.

—ASK YOUR GROCER FOR IT.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circular and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

BERRY'S ISSUE

NOW DEFINED

He Has Worn Out Everything and Must Try Personality For Luck

CONSPICUOUS FIGURES IN LINE

Taft, Roosevelt, Mitchell, Penrose, Stuart, Tener and Others Representing Republican Principles and Policies Concerned in Success of Their Party.

The voters of Pennsylvania are decidedly impatient for the issue upon which Candidate W. H. Berry and his colleagues on the Keystone party ticket are to stand in the pending State campaign. Of course Mr. Berry will not offer to the voters a political issue. The only political issue ever recognized by him is that upon which his political advocate, William Jennings Bryan, has always stood in campaigns and led his followers to defeat and disaster at the election. In Pennsylvania especially, that issue does not weigh much. In fact that issue is too thin to conceal the real issue whatever it may be. Mr. Berry will hardly attempt to force into the contest a religious issue because those who know him best realize that he does not have a monopoly on religious feeling. The temperance issue might appeal to Mr. Berry personally and if he had his way he might adopt it in an emergency but his colleagues are not willing to stand upon a platform constructed out of that sort of material. In any event the real temperance people of the State have emphatically repudiated Mr. Berry and will not admit of his using their platform for his own selfish purposes. Under the circumstances, therefore, it seems positively certain that Mr. Berry and his Keystone party col-

leagues must stand upon a personal issue, and upon that issue they should be tried by the people. The personal issue is the only one known in the science of modern campaigning which Mr. Berry and at least one of his associates have not thoroughly tested, and now, probably better than any other time, it would be wise to put the personal issue to the test. When Mr. Berry was originally dragged into the line fight and made a candidate for State Treasurer Colonel J. M. Guffey, now denounced by Mr. Berry as a Democratic boss, did the dragging and Mr. Berry was delighted to serve and use Colonel Guffey or any other political leader in sight. In fact Mr. Berry was so much delighted with Colonel Guffey that he borrowed money from him in large sums. Then followed the disagreement between Boss Guffey of Pennsylvania and Boss Bryan of Nebraska and notwithstanding that Mr. Berry had a large bundle of Colonel Guffey's money somewhere about his person he took sides with the Nebraska boss and helped to give Colonel Guffey and all the organization Democrats of Pennsylvania a grievous humiliation at the Denver national convention by throwing them out of the national gathering bag and baggage. On a political issue Mr. Berry had been a candidate before the Pennsylvania Democrats for delegate to the Denver convention and had been whipped out of his boots. His defeat forced him to abandon his political issue for the time and instead he took up revenge as an issue. On that issue he was repeatedly rebuked by the people, just as his colleague, D. Clarence Gibbons, has been repeatedly rebuked. With all other issues removed from the contest Mr. Berry and Mr. Gibbons must measure their personal strength with President Taft, former President Theodore Roosevelt, John Mitchell, former president of the American Federation of Miners; United States Senator Boies Penrose, Governor Edwin S. Stuart, John K. Tener, the regular Republican candidate for Governor, and a host of other prominent men from every section of the State representing the policies and principles of the regular Republican party. On the Demo-

cratic side Berry and Gibbons must measure up personally with Justice James Gay Gordon, of Philadelphia; the editors and owners of the "Pittsburgh Post," the only Democratic organ in the State; Webster Grim, the regular Democratic nominee for governor; State Chairman Arthur G. Dewalt, of Lehigh; Senator George V. Dinaling, of Clearfield; Colonel Guffey, of Pittsburgh, and a host of other very reputable men representing the policies and principles, bad as they are, of the Democratic party. If Mr. Berry and Mr. Gibbons are able to convince the people of the State that they are better than all the leading Republicans and all the prominent Democrats of this State than of course they deserve success and in the very nature of things will be elected Governor and Lieutenant Governor respectively by an overwhelming majority, but they must first prove themselves bigger and better than all the rest.

The personal issue upon which Mr. Berry and the often beaten Gibbons must stand in the pending contest will in no way disturb the Republicans. Mr. Tener's campaign for Governor will be fought, and to success at that, on the issue of fitness for the exalted place to which he aspires, on his own successful record in politics, on the reputation of the Republican party leaders in this State and finally upon the magnificent record of achievement of the Republican party. There will be no hide-and-seek with isms and theories. President Taft, John Mitchell, Colonel Roosevelt and Governor Stuart have individually and collectively expressed their desire for the election of Mr. Tener. Senator Penrose has devoted his work in the United States Congress to making the issue for the Republicans and upon that issue there is absolutely no uncertainty. That issue is the tariff law under which the country is now operating. The tariff law was a rear old last Friday. It shows prosperity never before equalled under any similar legislation. It shows a wonderful increase in the wages of labor and in Pennsylvania especially it has made the people prosperous and happy.

Since the existing tariff law went into effect the customs receipts have been approximately \$1,000,000 every working day. The monthly average of customs receipts has been double that under the Wilson law nearly double that under the McKinley law and about \$3,000,000 in excess of the Dingley law receipts. In addition to increasing the average monthly customs receipts over the Dingley law from \$21,678,085 to \$27,529,287, the Payne law has added more than \$2,000,000 a month to the treasury by means of the corporation tax.

The discontents and self-seekers are abundantly welcome to any comfort they may extract from the issues presented by the Republicans.

Vain regrets. "That man Biffin lacks courage and energy."

"Yes, confound him?" "Why do you say that?"

"Because he was courting my wife long before I met her. If he had had a little more courage and energy-- But what's the use of talking about it now?"—Cleveland Plain Dealer.

Eczema—A Germ Disease Can Now Be Cured.

The medical profession is all agreed that Eczema is a germ disease but the thing that has baffled them is to find some remedy that will get to the germs and destroy them.

Zemo the clean, external treatment has solved this difficulty by drawing the germs to the surface of the skin and destroying the germ life that causes the diseases. The whole method of treatment and cure by Zemo is explained in an interesting book on the subject issued by the makers of Zemo. It tells how to cure yourself at home of Eczema, Blackheads, Pimples, Dandruff and all diseases of the skin and scalp. Call at Piper Bros. Drug Store for Booklet and learn more about this clean, simple remedy that is now recognized the standard treatment for all disease of the skin and scalp.

GAME FORFEITED

TO THE LUTHERANS BEFORE PLAYED

In a game which was forfeited to the Lutherans before it was played, because of the presence of only three of the Washington Avenue players on the field, the Lutherans defeated a team playing under the name of the latter last night. The score at the termination of what proved to be a good interesting battle was 5 to 1. The Lutherans scored one run in the first on a couple of errors and a stolen base, three in the third on three hits, two errors, a base on balls and a passed ball. One came in the fifth on an error and a bingle. The other fellows got their one score in the third inning on a life, a base on balls and two bingles. The score:

LUTHERANS	R	H	P	A	E
W. A. Pres.	1	0	0	0	1
Heffner, m.	1	1	1	3	0
Hall, 2.	1	1	3	1	0
Pollock, r.	0	0	0	0	1
Newton, 3.	0	2	0	1	0
Vernon, l.	0	1	4	0	1
Mitchell, c.	0	0	6	3	1
Kiefer, s.	0	1	2	1	2
Ruecroft, l.	0	1	0	0	0
James, p.	0	1	0	0	0
Total	1	6	15	8	5

Lutherans..... 1 0 3 0 1 x-5
W. A. Pres..... 0 0 1 0 0 0-1
*Game called in sixth on account of darkness.

Struck out by James 6, by Miller 3. Stolen bases, Wertz, Butz, Sharkey, Quinto, Heffner, Hall, Newton. Base on balls—Off James 2, of Miller 3. Umpires—Byland, Mathias.

Sphar, Carson and

Scott Families to Reune at Eldora

The Sphar, Carson and Scott families are arranging for their annual reunion to be held on the last Thursday of this month, August 25, at Eldora Park. The reunion will be in the nature of a country gathering, and full baskets will be taken. Funny stories and reminiscences will be told and recitations said. The families comprise a large portion of Fallowfield township residents.

Berryman shirt sale \$1.50, \$1.00 and 75c. shirts go at 59 cents Wednesday August 16. Just the right time to buy shirts.

NEWCOMER FAMILY

TO HOLD REUNION

Wednesday August 17, is the date set for the fifth annual reunion of the members of the Newcomer family to be held at Shady Grove park, Fayette county. This reunion bids fair to surpass any previous reunion of this family ever held in the county. The family is one of the largest and best known in the state. At present there are between 400 and 500 members of the family living in Fayette, Washington and Westmoreland counties, besides large numbers in Ohio, Illinois, Kansas and Nebraska, and word has been received from a number of those living at a distance to the effect that they will be present. The program has not yet been arranged, but will consist of a number of addresses and musical numbers.

The founder of the family landed in the vicinity of New York during the time of Peter Stuyvesant and while the family name has undergone some changes so far as spelling is concerned, the name is the modern equivalent of the old Dutch name of Neukommer.

Miners Elect a Delegate

The Charleroi miners at a meeting held last night in the Concordia Hall elected Samuel Pardoe as a delegate from the local to the national convention to be held Thursday of this week at Indianapolis. He will leave Wednesday. The convention is for the purpose of taking up matters concerning the Illinois field.

Hail to Our Bargain Feast

What's a Shoe bargain? A good money's worth. What's a good money's worth? Good leather, good fitting, good looking, good wearing Shoes for less than their value.

Do all the stores that are now shouting Shoe bargains give bargains? Some do, more that don't.

We Do, Anyway

Those that don't had better look out, people know old styles and bad shapes and russets dyed black when they see them. And we hear a lot of gossip going on these days. Those who have looked say no such shoes as ours are being sold elsewhere for anything like the money. If you will make comparisons
